ELECTRONIC FILING SYSTEM USER'S MANUAL (Last revision: December 30, 1997)

PART I: GETTING STARTED

A. INTRODUCTION

This manual provides instructions on how to use the Electronic Filing System to file documents with the court, or to view and retrieve docket sheets and documents for all cases assigned to this system. It assumes a working knowledge of Netscape and Adobe Acrobat. For questions regarding Netscape or Adobe Acrobat, please refer to their instruction manuals.

1. Help Desk

Telephone the Court's Help Desk at (212) 668-2870 extension 3522 between the hours of 8:30 A.M. and 5:00 P. M. (New York time), Monday through Friday, if you need assistance.

2. Capabilities of System

The electronic filing system allows registered participants with Internet accounts and Netscape software to perform the following functions:

- ◆ Access the Court's web page
- ◆ Download the most recent version of the User's Manual
- ◆ Train personnel on a training system comparable to the official "live" system
- ◆ Electronically file pleadings and documents in actual ("live") cases
- ◆ View official docket sheets and documents associated with cases
- ◆ View various reports (*e.g.*, Cases Filed Report, Professional Fees Report, Judge's Calendar (for cases filed electronically))

- ◆ Download Netscape Browser and Portable Document Format (PDF) configuration information
- ◆ Submit comments and questions regarding the system

B. REQUIREMENTS

1. Hardware and Software Requirements

The hardware and software needed to electronically file, view and retrieve case documents are the following:

- ◆ a personal computer running a standard platform such as Windows
- ◆ Windows 95 or Macintosh
- ◆ an Internet provider
- ◆ Netscape Navigator software version 3.0 or higher*
- ◆ Adobe Acrobat software to convert documents from a word processor format to portable document format (PDF).
- ◆ a scanner to transmit documents that are not in your word processing system

Note: For additional information and known problems, refer to Technical Notes (*Appendix I*).

- * Due to security, a session can only be established using Netscape Navigator 3.0 or higher. **DO NOT USE** America On Line's version of Netscape Navigator, or a version of Netscape Navigator lower than 3.0.

2. How to Register for Access

Participants who have never used the system must telephone the court's Help Desk at (212) 668-2870 ext. 3522 to obtain a registration form if the participant has not already obtained one and to discuss the system requirements and the court's training assistance. The completed registration form must be returned to the Bankruptcy Court Clerk's Office, One Bowling Green, Room 534, New York, NY 10004-1408, for processing. Only after a user account has been established based on the registration form, is the participant issued a login and password that will provide access to the system. A training version of the system is provided on the Internet at <http://www.nysb.uscourts.gov> for practice purposes and may be used prior to submission of a registration form. Please make use of the training version to acquaint yourself with the system before attempting to file an actual document.

Note: A different set of logins and passwords are issued for the training and live systems.

C. *PREPARATION*

1. *Setting Up the Acrobat PDF Reader*

In order to view documents filed on the system, users must set up an Acrobat PDF reader. All pleadings are in PDF format. When installing this product, please review and follow Adobe's directions to utilize an Acrobat PDF reader after installation:

- ◆ At the system login screen select the "Options" pull down menu item from the top of the screen
- ◆ Select the "General Preferences" option
- ◆ Click on the "Helpers" tab at the top of the "Preferences" screen
A list of "File Types" appears
- ◆ Select the "application/PDF" file type
- ◆ Click on the "Browse" button and select a directory called "acroread"
- ◆ Within that directory is a file name called "acroread.exe." Select it and click on the "OK" button to exit.

The setup process is now complete.

2. *Portable Document Format (PDF)*

Only PDF (Portable Document Format) documents may be filed with the court using the court's Electronic Filing System. Be sure to view the PDF formatted document before sending it to ensure that it appears in its entirety and in the proper format (refer to Technical Notes in *Appendix I* for known problems) .

a. *How to View a PDF File*

- ◆ Start the Adobe Acrobat Exchange program.
- ◆ Go to the *File* menu and choose *Open*.
- ◆ Click on the location and file name of the document to be viewed.
- ◆ If the designated location is correct, and the file is in PDF format, Adobe Acrobat Exchange loads the file and displays it on the screen.
- ◆ If the displayed document is larger than the screen or consists of multiple pages, use the scroll bars to move through the document.

- ◆ Click on the **View** menu for other options for viewing the displayed document. Choose the option that is most appropriate for the document.

b. How to Convert Documents to PDF Format

Conversion of any word processing document to PDF Format is required before submission to the court's electronic filing system.

The conversion process is relatively simple and can be accomplished in one of two ways depending on the word processing program you are using.

For WordPerfect and any other word processing program:

- ◆ Open the document to be converted.
- ◆ Select the **Print** option and in the dialog box select the option to change the selected printer. A drop down menu with a list of printer choices is displayed.
- ◆ Select **Adobe PDFWriter 3.x**.
- ◆ "Print" the file. The file should not actually print out; instead the option to save the file as a PDF format file appears.
- ◆ Name the file, giving it the extension **.PDF**.
- ◆ Accept the option and the file is converted to a PDF document.

Depending on the word processing program being used, it may be necessary to find the printer selection option elsewhere. At that point, change the printer to Adobe PDFWriter. 3.x, and follow the directions above.

For Microsoft Word 95 or later:

- ◆ Open the document.
- ◆ Click on the **File** menu and select, **Create Adobe PDF**.
- ◆ Save the file as a PDF file, giving it a **.PDF** extension.

- ◆ The file is now in Adobe PDF format under the newly designated name, and the original document remains in its original form under the original name.

c. How to Image a Document

To image or scan a document using Adobe Acrobat Exchange:

- ◆ Open the Acrobat Exchange program.
- ◆ Click on the ***File*** menu and select ***Scan***.
- ◆ A screen appears prompting you to specify the type of document to be imaged. Depending on the scanner, one or more of the following options will be available:.

Single-sided page (one page only)

Single-sided stack (multiple pages)

Double-sided page (one page only)

Double-sided stack (multiple pages)

- ◆ Refer to the scanner's instruction manual for more detailed operating instructions and insertion of procedures for document(s) to be scanned

Click on the appropriate option on the screen to begin the scanning process.

- ◆ When the imaging process is complete, the imaged document is displayed on screen. Verify that the document contains the correct number of pages.

- ◆ If the document is lopsided or otherwise unacceptable, close it **WITHOUT** saving it, and begin the scanning process again.

- ◆ Once a document is satisfactorily scanned, save the imaged document to the hard drive or a floppy disk as a PDF file. Make a note where the file is stored for future access.

- ◆ The imaged document can now be electronically filed, or edited and mixed with other PDF files, as needed.

d. How to Edit and Combine Text & Image PDF Files

PDF files can be edited and mixed using the Adobe Acrobat Exchange program. With Acrobat Exchange you can extract, insert, replace, re-order or delete **whole** pages from a document. Acrobat Exchange DOES NOT allow editing of the contents of a given page.

- ◆ Start the Acrobat Exchange program and open the file to be edited.
- ◆ Click on the **Document** menu. Four (4) options are displayed that allow editing and combining of PDF files:

- 1) **Insert:** Allows insertion of pages from other documents into the document currently displayed.
- 2) **Extract:** Allows removal of pages from the document that is currently displayed.
- 3) **Replace:** Allows replacement of pages in the currently displayed document with pages from other PDF files.
- 4) **Delete:** Allows you to delete selected pages from the document currently displayed.

1) The **Insert** option:

- ◆ Choosing the Insert option displays a file selection screen.
- ◆ Select the PDF file to be inserted into the document currently displayed. (**Note:** The ENTIRE file will be inserted into the open document)
- ◆ Indicate whether the new document is to be inserted before or after a specific page of the original displayed document.
- ◆ Indicate the page of the original displayed document before or after which the new document will be inserted.
 - ◆ indicate first or last page, or a page number

2) The ***Extract*** option:

- ◆ Choosing the Extract option displays a screen that prompts you to designate the page(s) to be extracted from the document currently displayed. It further gives the option of deleting a page after it has been extracted.

When pages are extracted from a document, a new document window appears which displays the extracted page(s). This document is temporarily titled, “Pages extracted from <The Name of the Document>”.

- ◆ To go back and forth between the original displayed document and the document containing the extracted pages, click on the ***Window*** menu, and select the document you want to view.
- ◆ The extracted page(s) can be saved as a new document, and the original document can be saved with the changes made, by following the usual procedure for saving a document.

3) The ***Replace Option***:

- ◆ Choosing the Replace option brings up a file selection screen.
- ◆ Choose the PDF file in which the pages are to be replaced (the *target document*)
- ◆ In the next screen, designate which page(s) are to be replaced in the *target document*. (To designate a single page, the *From* and *To* number should both be the number of the page to be replaced).
- ◆ Choose the PDF file from which you will select the replacement pages (the *replacement document*)
- ◆ Designate the page(s) that will replace those in the *target document*. **Note:** the number of pages being replaced in the *target document* must match the number of pages being brought in from the *replacement document*.
- ◆ Click on ***Accept***, and the pages in the *target document* will be replaced with those from the *replacement document*.

4) The *Delete* Option:

- ◆ Choosing the *Delete* option displays a screen that prompts you to designate a range of pages to be deleted from the displayed document.
- ◆ Designate the pages to be deleted, click on *Accept*, and the selected page(s) will be deleted from the displayed document.

There are many ways to edit and combine documents using the above four commands. For example, to combine two files, one can be inserted at the end of another, and then any unwanted pages can be deleted. Or, needed pages can be extracted from one file, saved as a new file, and inserted into another file. The combined file can then be saved as a new document leaving the originals intact. If you get an undesired result, simply close the document, WITHOUT saving changes made, and start over by reloading the document.

D. BASICS

1. User Interactions

There are three general types of user interactions allowed by the system: entering data, using command buttons to tell the system what to do next, and clicking on hyperlinks. Command buttons and hyperlinks are used to instruct the system what to do next.

- ◆ Data to be entered by the user is shown enclosed in angle brackets: <data to be entered>.
- ◆ Command buttons are represented in this manual in [**bracketed boldface type**].
- ◆ Hyperlinks are represented in **underlined boldface type**, and if your monitor is a color monitor, they appear in blue type.

(Note: the most commonly used hyperlink, **Main Menu**, appears near the top of most screens just below the Netscape menu buttons.)

2. Documents Filed In Error

A document incorrectly filed in a case may be the result of posting the wrong PDF file to a docket entry, or selecting the wrong document type from the menu, or simply entering the wrong case number and not catching the error before the transaction is completed. To request a correction, telephone the Court's Help Desk at (212) 668-2870 extension 3522 as soon as possible after an

error is discovered. Be sure to have the case number and document number for which the correction is being requested. If appropriate, the court will make an entry indicating that the document was filed in error. You will be advised if you need to refile the document. The system will not permit you to make changes to the document(s) or docket entry filed in error once the transaction has been accepted.

E. VIEWING TRANSACTION LOG

This feature, selected from the **Main Menu**, allows you to review all transactions processed with your login and password. If you believe or suspect someone is using your login and password without permission, telephone the Court's Help Desk at (212) 668-2870 extension 3522 as soon as possible.

F. USER'S TECHNICAL BULLETIN BOARD

- Select this option from the **Main Menu** to post a message. Messages should relate to technical issues only.

G. *USER'S MANUAL*

The most recent version of the User's Manual for the system is always available on-line in PDF format. Select this option from the **Main Menu** and the text of the manual is displayed (courtesy of Acroreader software). Select the PRINT option under the Acroreader's pull down FILE menu to print a copy of the manual. Select the EXIT option under the Acroreader's pull down FILE menu to return to the **Main Menu** after viewing or printing the User's Manual.

H. CREDIT CARD COLLECTION PROCEDURES

The Department of the Treasury, through its Financial Management Service (FMS), has established a mechanism to enable federal agencies to accept credit cards (Visa and MasterCard only) for the collection of fees due to the government. This court has elected to participate in this program, which enables the court to collect fees in the most expeditious manner for documents filed both electronically and conventionally.

A lawyer or law firm electronically filing a document requiring a fee can pay such fee by credit card in advance of filing by telephoning the Intake Department at (212) 668-2870, Ext. 3506. A receipt number will be issued to the filer for entry into the electronic filing system. (All other accepted methods of payment, cash, attorney's check or money order are still available. Payments must be made in advance of filing a document utilizing the court's electronic filing system. A receipt number is needed in order to file a document requiring a fee.)

Do not call to pay the filing fee until you are ready to file your document. Once a receipt number is issued, the document must be filed before the start of the next business day (*e.g.*, if the fee is paid on Tuesday, the document must be filed before 8:30 am, Wednesday; if the fee is paid on Friday, the document must be filed before 8:30 am, Monday).

To take advantage of this method of payment, please have the required information on the following page readily available when telephoning Intake.

(It is anticipated that, eventually, the telephone call will be eliminated and the entire fee transaction will be electronic.)

C. *File a Document Feature*

This option permits the filing of documents in a case. There are four basic steps involved in filing a document: (1) selecting a document type; (2) entering the case numbers for which the document is to be filed; (3) designating the parties filing the document; and (4) specifying the PDF file name for the document to be filed.

Note: Pursuant to Local Bankruptcy Rule 9070-1, a copy of all papers filed with the Court, other than proofs of claim, shall be marked “Chambers Copy” and delivered to the chambers of the assigned Judge on the same date as the papers are filed with the Clerk. For cases filed electronically, this requirement can be met by delivering or mailing a paper copy of the electronically filed document directly to the chambers of the assigned judge. **Please clearly mark such copy “Chambers Copy - ECF No. ____”.**

Each screen has the following two buttons:

- ◆ **[Clear]** clears **all** characters entered in that particular box.
- ◆ **[Submit]** accepts the entry just made and displays the next entry screen, if any.

Correcting a mistake:

Use the **BACK** button on the Netscape screen to go back and correct an entry made on a previous screen. However, once the document is transmitted to the court, only the court can make changes or corrections.

PLEASE NOTE: The symbol indicates a new screen.

1. *Filing a Petition*

This feature is not in its final form at this time. Ordinarily, a petition should be filed conventionally. If you want to submit a petition electronically, please telephone the Help Desk at (212) 668-2870, ext. 3522 for assistance. When a petition is filed electronically, the court will designate the bankruptcy judge to whom the case is assigned and advise you.

Electronic filing of a petition requires that the filer:

- (1) submit a creditor disk to the court for noticing purposes
- (2) immediately after electronically filing a petition, provide paper copies with the case number and the name of the judge assigned to:
 - ◆ United States Trustee
80 Broad Street
New York, NY 10004

- ◆ Internal Revenue Service
120 Church Street, 3rd floor
New York, NY 10008
Attention: Bankruptcy Department
- ◆ Security and Exchange Commission (2 copies)
7 World Trade Center, 13th floor
New York, NY 10007
Attention: Bankruptcy Department
- ◆ The Presiding Judge
U.S. Bankruptcy Court
One Bowling Green
New York, NY 10004

Hopefully, in the not too distant future service to the above can be accomplished electronically.

a. *Preparing a Creditor Disk*

When submitting a creditor disk, please follow the guidelines below. This will help insure the disk can be properly processed by the court:

- ◆ The name and address of each creditor should be no longer than four (4) lines; and each line should be no longer than thirty (30) characters, including spaces.
- ◆ Leave at least two (2) blank lines between creditors.
- ◆ Names and addresses should be left justified (flush against the left margin).
- ◆ Use all capital letters.
- ◆ Finally, and most importantly, save the file as an *ASCII text file*.

ASCII (pronounced *Ask-Key*) stands for American Standard Code for Information Interchange. To save a file as an ASCII text file:

- ◆ Save the document in a word processing program, and look for a prompt to select the format in which it will be saved (*e.g.*, *Save as Type*: (or something similar)).
- ◆ Select the option that saves the document as an ASCII text file (or ASCII (DOS) text, or MS-DOS text).
- ◆ If there is a choice between *with carriage returns* or *stripped*, choose *stripped*
- ◆ Name the file: *creditor.scn*

2. *Filing a Motion or Application*

Note: When submitting a motion, application or notice of proposed order electronically, the proposed order must be submitted on paper to the judge's chambers either prior to or at the time of a hearing or before the date and time of presentment. The order should reference the motion, application or notice of presentment number obtained when the document was filed electronically. A disk containing the proposed order in a Wordperfect format should be submitted to chambers together with the paper copy of the proposed order. **Write directly on a label on the disk, the case number and the number of the motion, application or notice of proposed order to which the order on the disk relates.**

- ▶ Scroll down the Main Menu page to **Choose One**, which is: followed by a list. Click on the first choice, **File A Document**.
- ▶ Click on **Motions/Applications**.
- ▶ Click on the white box and enter the case number.
 - ▶ If the number is entered incorrectly, click on **[Clear]** to re-enter.
or

- ▶ Recheck whether the case number is correct. If it is incorrect, click on **BACK** to re-enter the case number.
- ▶ If it is correct, scroll down to the bottom part of the screen and click on **[Submit]**.
- ▶ This screen prompts you to select or add the name of the party for whom you are filing the motion:

- ▶ Click on **[Show New List]**.
- ▶ Scroll down and click on the arrow to the right of the first white box. The computer displays a list of party names in the alphabet range selected.
- ▶ If the name of the party appears, click on it.
- ▶ Scroll down using the arrow in the lower right of the screen.
- ▶ Click on the white box beneath **Select Party's role in this filing** and click on the correct role.

- ▶ The next screen prompts you to select the type of motion/application being filed:
- ▶ Use the up and down arrows to the right of the white box to find the type of motion or application to be filed, and click on it.
 - ▶ If there is more than one form of relief being requested in the motion or application, press and hold down the **Ctrl** key, and click on the appropriate forms of relief sought. *(As with conventional filing, if one type of relief sought requires payment of a fee, combining that relief with other requests does not obviate the fee requirement and the fee is required for each relief sought which requires a fee.)*
 - ▶ Scroll down and click on **[Submit]**.
- ▶ The next screen prompts you to select the PDF filename of the document being filed. **The file MUST be in a PDF format with a .PDF suffix. If not, it will not be readable by the system.** If an attempt is made to upload a non-PDF file, or make a standard docket entry without also submitting a document, an error message will appear.

To submit a PDF document, either (a) enter the full path name of the document to be filed in the space provided; or, (b) click on the **[Browse]** button to navigate to the appropriate directory and file to select the document. Two very important points must be noted here:

- (1) If the path name for the file is manually entered, be sure to include the drive name, if applicable, and the full directory path (e.g. c:\docs\answr.PDF).
 - (2) To use the **[Browse]** option, use the mouse to select the directory in which the PDF version of the file is located and then select the file to be uploaded.
- ▶ If there are no attachments to the motion, click on **[Submit Document]**.
 - ▶ If there is an attachment to the motion (e.g. an exhibit, appendix, etc.):
 - ▶ Click on the box next to the words **Last Document** (above the filename box) to remove the check mark.
 - ▶ Click on **[Submit Document]**.

If there are attachments, an additional screen is displayed (**all exhibits must be attached to the motion, application or notice of proposed order**):

- ▶ Under **Type of Attachment** click on the arrow and click on the type of attachment.
 - ▶ To describe the attachment more fully, click in the **Description** box and type in the description.
 - ▶ For more than one attachment, click on the box next to **Last Attachment** to remove the check.
 - ▶ At the prompt: **Please select the PDF filename of the document you are filing**, type in the PDF name of the attachment, or click on **[Browse]** to search for it.
 - ▶ Scroll down and click on **[Submit Document]**.
 - ▶ If there are additional attachments, repeat this sequence for each one.
- ▶ If your document relates to an existing document in the case, click on the box to the left of **Does this filing relates to an existing document in this case?**.
 - ▶ If the document requires a filing fee, the next line prompts entry of the receipt number for the paid fee. Click on the white box and enter the receipt number. Remember, if multiple reliefs are requested in the Motion, the appropriate filing fee must be paid for each - e.g., a motion to lift the stay and/or to convert a chapter 11 to a chapter 7 requires a \$60.00 fee for the first and a \$15.00 fee for the second.

Please note: Fees must be paid prior to electronically filing the document. For information on paying fees, see pp. 8-9 of this manual.

- ▶ Click on **Enter Hearing Time** box and enter hearing time for the motion. Then click on **AM** or **PM**. (Obtain this information from chambers prior to filing a motion.)
- ▶ Scroll down and click on **Enter Hearing Date** box and enter date of the hearing.
- ▶ Click on arrow next to **Enter Hearing Location** box and select proper location.
- ▶ If there is a date by which objections are due, click on that box and enter the date.
- ▶ Scroll down and click on **[Submit]**.

If the document being filed relates to an existing document in the case, two additional screens are displayed:

- ▶ On this screen select the type(s) of existing document(s) to which the one currently being filed relates:
 - ▶ Scroll through the list of document types using the arrows, and click on the one that applies.
 - ▶ To specify more than one existing document type, press and hold down the **Ctrl** key on your keyboard as you click on the additional ones.
 - ▶ Scroll down and click on **[Submit]**.
- ▶ On this screen select the specific existing documents to which the one currently being filed relates:
 - ▶ Scroll through the list and click on the box to the left of each pre-existing document to which the current document relates.
 - ▶ Scroll down and click on **[Submit]**.
- ▶ Refining the description of the document:
 - ▶ Click on the arrow next to the white box on the left and select the correct modifier, if necessary.
 - ▶ Click on the white box to the right and type in any additional description, if appropriate.

- ▶ Continue to click on the blank boxes to add modifiers and descriptions of additional motions/applications, if the document contains more than one.
- ▶ Click on **[Submit]**.
- ▶ Give final approval to the entry by following instructions on the screen.
- ▶ To modify a previous screen, click on **BACK** at the top of the Netscape screen to find the screen to be modified.
- ▶ Click on **[Submit]**. You must re-enter all screens from that point on.
- ▶ When you arrive at the **Final Approval** screen, if the entry is correct, scroll down and click on **Next**.
- ▶ To abort the entry, click on **BK Events** or **AP Events** to restart.

After final approval is given, the next screen displays the official filing receipt (Exhibit 5) .

- ▶ This screen gives you confirmation that the system has received the entry, and the document is now an official court document. It also tells you the date and time your transaction was received by the court, and the number assigned to the document. For future reference, please note this number on the PDF document file. Scroll down to view the entire receipt.
- ▶ To print out the receipt, click on **FILE** at the top of the Netscape screen, and select **PRINT FRAME**.

Note: It is suggested that paper copies of receipts be maintained at all times so that should questions arise, answers may be quickly obtained.

- ▶ To continue in the system, click on **Main Menu**.
- ▶ To exit the system, click on **HOME**, then click on **FILE** at the top of the Netscape screen, and select **EXIT**.

Technical Notes

Last revision: June 5, 1997

Imaging documents

The court uses the following hardware and software to convert paper documents to PDF format. Although the software is required of all electronic filing system users, any compatible hardware with adequate capacity may be used.

Hardware:

PC - Dell Pentium 133

SCANNER - HP ScanJet IIc with optional sheet feeder

SCSI card Adaptec AHA 1522B (ISA Plug and Play fast SCSI-2)

Software:

Adobe Acrobat - version 3.0

Stats:

Pages per minute 3

file size - 30K (approximately)

dots per inch - 200

KNOWN PROBLEMS

1) **Converting documents to PDF.**

If WordPerfect 5.1 or 7.0 is used to write the document, and the document is more than three pages, Adobe Acrobat will not convert all pages to the PDF format. **The converted document will have missing pages.** Use Adobe Exchange to ensure the integrity of the converted PDF document.

2) **Cannot login to the LIVE SYSTEM.**

A) A session can only be established using Netscape Navigator 3.0 or higher. **DO NOT** use America On Line's version of Netscape Navigator, or a version of Netscape Navigator lower than 3.0.

B) **Call the Court's Help Desk at 212-668-2870, extension 3522.**

- 3) To ensure the documents transmitted have arrived in their entirety, it is important to read the document after it is received by the court. This can be done by viewing the docket sheet for the case and selecting the transmitted document. The number of the transmitted document appears on your electronic filing receipt.
